Customer
Delivering an excellent customer experience

Number of Walk in Customers
- Aug-Oct 2016/17: 3448
- Aug-Oct 2017/18: 4199

There were 21% more customers through the print shop this year compared to 2016 and is the highest number of visitors since records began. It can be put down to our professional approach following the refurbishment and also good customer feedback, currently running between 90% and 96% on a regular basis.

Finance
Financial sustainability

Total Income
- Forecast: £590k
- Actual: £516k

Although the turnover is down on forecast this is not seen as a problem as many projects are running later than anticipated.

Operations
A sustainable, effective and efficient organisation

Online orders
- Target: 20%
- Actual: 21.7%

Although the number of orders is steadily increasing we are experiencing an increase in the number of abandoned on-line orders. This is being addressed based upon customer feedback.
